Wellsboro & Corning Railroad (WCOR) operates 42 miles of track between Wellsboro, Pennsylvania, and Corning, New York, handling a variety of industrial products primarily used in the natural resources industry.

WCOR interchanges with Norfolk Southern.

WCOR was acquired by Genesee & Wyoming in 2012.

WCOR is part of Genesee & Wyoming's Northeast Region railroads, which are headquartered in Rochester, New York, and include six railroads in New York, Connecticut, Vermont, New Hampshire, and Pennsylvania.
