Handling of Empty Freight Cars

This provision will not apply when the empty movement is immediately preceded by a loaded revenue movement on NCVA and empty is returned to original interchange or if the empty movement is immediately followed by a loaded revenue movement on NCVA.

This provision applies on all types of rail cars, including, but not limited to, cars provided by railroads, leased cars and cars bearing other than railroad reporting marks, but not including passenger train cars.

The charge for movement of empty cars is **$525** per car. NCVA will not be responsible for the payment of any per diem or mileage charges, nor will NCVA absorb any switch charges. This rate will apply only to movement of cars in regularly scheduled train service.

If special train service is required for movements other than those listed above, charges contained in the Charge Schedule on page 1 of this Catalog will apply.

Charges are subject to NCVA Fuel Surcharge Tariff.

NCVA's maximum liability for loss and damage is $100.00 per railcar.

SWITCHING IN REVERSE DIRECTION

When it is requested to provide a switch to a customer's location and the switching must be done in the reverse direction, an additional switch charge will be assessed for $375 to that customer.
