ALABAMA GULF COAST RAILROAD

Freight Tariff AGR 0204-B

NAMING FUEL SURCHARGES ON
LOCAL, PROPORTIONAL AND JOINT LINE RATES FOR
ALABAMA GULF COAST RAILROAD

APPLICATION: This publication applies to: (1) all regulated common carrier linehaul freight rates existing or established by AGR on or after October 1, 2005; and (2) all linehaul freight rates and charges with respect to exempt traffic, and linehaul freight rates and charges in contracts, private price quotations or other pricing documents, that both reference this publication and are entered into or issued and effective on or after October 1, 2005.

In the event the price of West Texas Intermediate Crude Oil, as published in the Wall Street Journal, equals or exceeds $ 28.00 per barrel per calendar month AGR retains the right to apply a fuel surcharge to the freight charge(s) in effect on the date the fuel surcharge is applied, herein after referred to as the "Base Freight Charge(s).

The average price of West Texas Intermediate Crude Oil must exceed a given bracket for one calendar month as referenced by the Wall Street Journal Publication Days for the surcharge under that bracket to be applicable. If the price of West Texas Intermediate Crude Oil ceases to be available from the Wall Street Journal or some other readily accessible source, a substitute to source will be utilized.

Any fuel surcharge applied to the freight charges(s) in this authority will be removed or reduced when the price of West Texas Intermediate Crude Oil remains below the price which triggers a specific surcharge bracket for one calendar month as referenced by the Wall Street Journal Publication Days. In no case will the freight charge(s) be reduced below the Base Freight Charge(s) nor will the application or removal of the fuel surcharge be retroactive.

NOTE: Wall Street Journal Publication Day is defined as: A day on which the Wall Street Journal is published and the previous NYMEX WTI trading session's closing price is reported.

Should the price per barrel increase above the following schedule, the increase will be 2% for each $5.00 per barrel increase thereafter.
