ISSUED: DECEMBER 11, 2017

EFFECTIVE: JANUARY 1, 2018

SECTION 1  
RULES AND REGULATIONS - SWITCHING

**ITEM 30**

LINE-HAUL SERVICE

The term line-haul switching means the switching of cars by the ETRY from or to points of interchange, when the freight originates at or is destined to stations beyond the operating limits of ETRY.

**ITEM 35**

The ETRY will switch traffic between industries located on ETRY and interchange points at the charges listed below:

<u>COMMODITY</u>	<u>ORIGIN/DESTINATION</u>	<u>CHARGE/CAR</u>
14-715-10 (Rock Salt)	Johnson City	\$475
24-2XX-XX (Lumber)	Johnson City	\$740
29-121-XX (Propane)	Johnson City	\$1040
28-991-XX (Bagged Salt)	Johnson City	\$420
49-XX-XXX (Hazardous)	Johnson City	\$1050
40-211-XX (Scrap Metal)	Johnson City	\$590
XX-XXX-XX (All Other)	Johnson City	\$710

The ETRY will switch traffic between CSXT and Norfolk Southern Railway company at a charge of \$600 per car.

Unless otherwise provided herein, the switching charges contained in this tariff cover the movement of a loaded or partially loaded car one way and the return of the same car empty, or the placing of any empty car and the return of the same car loaded or partially loaded. **Any empty given to ETRY by CSXT where ETRY does not get a loaded movement (i.e. overhead empty moves) will incur the \$600 charge.**

There switching service is performed on traffic moving under line-haul rates, which are subject to special demurrage charges and rules, the cars being switched will be subject to the same demurrage charges and rules applicable in connection with the line haul rates.

Whenever switching service is performed on a car which moves loaded in both directions, the charges in this tariff will be applied on each movement.

**The above rates to not apply on any hazardous shipments of TIH/PIH or empty residue last contained.**

**ITEM 40**

ABSORPTION OF SWITCHING CHARGES

For provisions governing the absorption by connecting lines of the line-haul charges of the EAST TENNESSEE RAILWAY refer to the tariffs of interchange carriers.

**ITEM 45**

OVER-DIMENSIONAL AND/OR HEAVY LOADS

Rates for any one or more of the following conditions must be on an individual shipment basis arranged with ETRY prior to shipment from or arrival to ETRY:

1. Car having a capacity exceeding 286,000 LBS gross weight.
2. Clearance/Dimensional shipments with heights exceeding 15', width exceeding 11'6", or weight restrictions or any single piece exceeding 75,000 lbs. (reference to publication "Railway Line Clearances" current Vol. 208 and subsequent issues).
3. All cars of AAR Car Types FA, FC, FCA, FD, FMS, FW, LF, LG and LS.

**ITEM 50**

INTERCHANGE DELIVERY ERRORS

Cars received by the ETRY in error from delivery carrier will be returned to delivery carrier at a charge of \$500.00 per car. Charge will be assessed against delivery carrier.

**NOTE:**

**For all services not listed in this Tariff, please refer to the ETRY Charge Catalogs 7006 Switching & Accessorial, 6006 Extended Asset Use, and 1000 General Tariff.**
