This document is subject to the terms, conditions and guidelines provided in the Midwest Region General Tariff 1000.

The Midwest Region General Tariff 1000 Section VI provides guidelines and provisions for switching and other accessorial charges. Please review these provisions as it applies to your business on the GR.

Any charges not covered on this GR 7006 are subject to rules and provisions found in the Midwest Region General Tariff 1000.

Handling of Empty Freight Cars

This provision will not apply when the empty movement is immediately preceded by a loaded revenue movement on GR and empty is returned to original interchange or if the empty movement is immediately followed by a loaded revenue movement on GR.

This provision applies on all types of rail cars, including, but not limited to, cars provided by railroads, leased cars and cars bearing other than railroad reporting marks, but not including passenger train cars.

The charge for movement of empty cars is \$300.00 per car. GR will not be responsible for the payment of any per diem or mileage charges, nor will GR absorb any switch charges. This rate will apply only to movement of cars in regularly scheduled train service.

If special train service is required for movements other than those listed above, charges contained in the Charge Schedule on page 1 of this Catalog will apply.

GR's maximum liability for loss and damage is \$100.00 per railcar.

Intermediate Switching

All intermediate switch charges between GR and Coopersville & Marne Railway (CPMY) will be \$300 per loaded car.

The GR reserves the right to reject as an unreasonable request for service, any "fax" or "email" forwarding instructions that are illegible, whether due to poor transmission quality, poor or illegible handwriting, or otherwise. GR will not accept delivery of forwarding instructions by US Mail, express service, personal delivery, or otherwise.

Date and Time Record on Notification

When electronic or mechanical devices are used to furnish forwarding instructions and/or empty release information to GR, the recorded date and time at which the instructions are received by GR will govern.
