Extended Asset Use

a Genesee & Wyoming Company

Flexible Asset Utilization...

The effective management of railcars is critical to the success of KYLE and our customers. Efficient asset utilization benefits you by increasing the availability of railcars.

From time to time, you may need to use our railcars for a longer period of time. In that case we provide you, at your option, with the use of that equipment, for a fee.

Extended use of railway provided assets

We give you time for loading and unloading cars. If you choose to keep a railroad car, or a private car on railroad property, for additional time, you will be billed a simple flat daily fee. Weekends and Holidays are considered chargeable days.

Billing Guarantees

As part of our efforts to streamline the billing process, we are committing to an expedited and simple billing process.

Billing On-Time

We commit to bill you on time

We have changed our systems to issue Extended Asset Utilization invoices weekly.

Billing Disputes

We commit to addressing disputed bills quickly

If you believe that there has been a billing error, we want to make it right as quickly as possible.

To be eligible for a review, a claim must be submitted, in writing, within 30 days of the invoice date to:

centralregion_disputes@gwrr.com

Along with a brief description, your claim must include the car initial and number and the related invoice number.

Any claim not filed within thirty (30) days from the date of the invoice will be declined.

Any non-disputed charges should be paid by the due date listed on the respective invoice.

Foreign Line Locomotive Usage

There is no charge if the unit train's consist is private cars and are placed on private tracks except in cases where the power and crew are required to stay with the train.

Should the on-line patron request that the foreign line locomotives be removed from the train once it is actually placed, a charge of \$2,500 will be assessed to the customer requesting the removal.

Flexible Car Ordering...

Things don't always go as planned. We recognize that, sometimes, you will have to change your railcar order for loading or unloading. When this involves ordering an empty railcar for loading and actual or constructive placement is performed, and the railcar is then released without being loaded, it is classified as a *railcar ordered but not used*.
