Handling of Empty Freight Cars

This provision will not apply when the empty movement is immediately preceded by a loaded revenue movement on MQT and empty is returned to original interchange or if the empty movement is immediately followed by a loaded revenue movement on MQT.

This provision applies on all types of rail cars, including, but not limited to, cars provided by railroads, leased cars and cars bearing other than railroad reporting marks, but not including passenger train cars. The charge for movement of empty cars is \$2.64 per mile with a minimum of \$465. MQT will not be responsible for the payment of any per diem or mileage charges, nor will MQT absorb any switch charges. This rate will apply only to movement of cars in regularly scheduled train service. If special train service is required for movements other than those listed above, charges contained in the Charge Schedule on page 1 of this Catalog will apply.

MQT's maximum liability for loss and damage is \$100.00 per railcar.

Method for Submission of Forwarding Instructions

MQT will accept forwarding instructions through one of three methods at no charge; ShipperConnect (e-BOL), a Class I web site, or by making arrangements directly with third party logistics services providers to submit forwarding instructions on their behalf via a Class I web site or via EDI. MQT will accept forwarding instructions to its Customer Service Group via fax (1-855-837-7910) or via email (MQT-cs@gwrr.com), subject to a \$75.00 charge per faxed or emailed bill of lading. This charge will be assessed to the online Customer of record with the railroad.

The MQT reserves the right to reject as an unreasonable request for service, any "fax" or "email" forwarding instructions that are illegible, whether due to poor transmission quality, poor or illegible handwriting, or otherwise. MQT will not accept delivery of forwarding instructions by US Mail, express service, personal delivery, or otherwise.

Method to Release Empty Railcars

MQT will accept empty release information using ShipperConnect™ at no charge. MQT will accept empty release information to its Customer Service Group via fax (1-855-837-7910) or via email (MQT-cs@gwrr.com) subject to a \$75.00 charge per faxed or emailed release. This charge will be assessed to the online Customer of record with the railroad.

Date and Time Record on Notification

When electronic or mechanical devices are used to furnish forwarding instructions and/or empty release information to MQT, the recorded date and time at which the instructions are received by MQT will govern.

Foreign Line Locomotive Usage

When time exceeds 15 hours while customer is loading or unloading a unit train powered by foreign line locomotives, a charge of \$150 per hour or portion thereof will be assessed against the on-line facility. Time is to be computed from the time of placement, either actual or constructive, to the time of release of the last car.

Should the on-line patron request that the foreign line locomotives be removed from the train once it is actually placed, a charge of \$2,500 will be assessed to the customer requesting the removal.
