MSR 7006-17

(Cancels All Prior Versions)

- **Customer Switching**
- **Billing Guarantee**
- **Timely Invoicing**

Our top priority is to provide safe, reliable transportation for our customers. Part of that commitment is to maintain a fluid and adequate supply of rail cars and to ensure that all railcar assets, both railroad and privately-owned, are utilized as optimally as possible.

Billing Guarantees

As part of our efforts to streamline the billing process, we are committing to an expedited and simple billing process.

Billing – On-Time

We commit to bill you on time

We will issue Customer Switching and Accessorial Services invoices monthly.

Billing Disputes

We commit to addressing disputed bills quickly

If you believe that there has been a billing error, we want to make it right as quickly as possible.

To be eligible for a review, a claim must be submitted, in writing, within 30 days of the invoice date to:

MidwestDisputes@gwrr.com

Along with a brief description, your claim must include the car initial and number and the related invoice number.

Any claim not filed within thirty (30) days from the date of the invoice will be declined.

Any non-disputed charges should be paid by the due date listed on the respective invoice.

Please contact your local marketing representative if you have any questions concerning your business on the MSR:

This document is subject to the terms, conditions and guidelines provided in the Midwest Region General Tariff 1000.

The Midwest Region General Tariff 1000 Section VI provides guidelines and provisions for switching and other accessorial charges. Please review these provisions as it applies to your business on the MSR.

Any charges not covered on this MSR 7006 are subject to rules and provisions found in the Midwest Region General Tariff 1000.

Handling of Empty Freight Cars

This provision will not apply when the empty movement is immediately preceded by a loaded revenue movement on MSR and empty is returned to original interchange or if the empty movement is immediately followed by a loaded revenue movement on MSR.

This provision applies on all types of rail cars, including, but not limited to, cars provided by railroads, leased cars and cars bearing other than railroad reporting marks, but not including passenger train cars.

The charge for movement of empty cars is \$300.00 per car. MSR will not be responsible for the payment of any per diem or mileage charges, nor will MSR absorb any switch charges. This rate will apply only to movement of cars in regularly scheduled train service.

If special train service is required for movements other than those listed above, charges contained in the Charge Schedule on page 1 of this Catalog will apply.

MSR's maximum liability for loss and damage is \$100.00 per railcar.

Method for Submission of Forwarding Instructions

MSR will accept forwarding instructions through one of three methods at no charge; ShipperConnect (e-BOL), a Class I web site, or by making arrangements directly with third party logistics services providers to submit forwarding instructions on their behalf via a Class I web site or via EDI. MSR will accept forwarding instructions to its Customer Service Center via fax (1-855-634-5099) or via email (MMRR-cs@gwrr.com), subject to a \$75.00 charge per faxed or emailed bill of lading. This charge will be assessed to the online Customer of record with the railroad.

The MSR reserves the right to reject as an unreasonable request for service, any "fax" or "email" forwarding instructions that are illegible, whether due to poor transmission quality, poor or illegible handwriting, or otherwise. MSR will not accept delivery of forwarding instructions by US Mail, express service, personal delivery, or otherwise.

Method to Release Empty Railcars

MSR will accept empty release information using ShipperConnect™ at no charge. MSR will accept empty release information to its Customer Service Center via fax (1-855-634-5099) or via email (MMRR-cs@gwrr.com) subject to a \$75.00 charge per faxed or emailed release. This charge will be assessed to the online Customer of record with the railroad.

Date and Time Record on Notification

When electronic or mechanical devices are used to furnish forwarding instructions and/or empty release information to MSR, the recorded date and time at which the instructions are received by MSR will govern.
