Extended Asset Use

Flexible Asset Utilization...

The effective management of railcars is critical to the success of the railroad and our customers. Efficient asset utilization benefits you by increasing the availability of railcars.

From time to time, you may need to use our railcars for a longer period of time. In that case we provide you, at your option, with the use of that equipment, for a fee.

Extended use of railway provided assets

We give you free time for loading and unloading cars. If you choose to keep a railroad car, or a private car on railroad property, for additional time, you will be billed a simple flat daily fee. Free time is defined as Saturdays, Sundays, Holidays and Fridays if car is placed on Friday. Once charges for additional time begins, there are no more free days; all days will be billed the daily rate.

AT LOADING	FREE TIME	ITEM 3040
Loading	2 Days	\$45 per Railcar per Day up to 12 Days \$100 per Railcar per Day each day thereafter
AT UNLOADING	FREE TIME	ITEM 3050
Unloading	2 Days	\$45 per Railcar per Day up to 12 Days \$100 per Railcar per Day each day thereafter

Billing Guarantees

As part of our efforts to streamline the billing process, we are committing to an expedited and simple billing process.

Billing On-Time

We commit to bill you on time

We have changed our systems to issue Extended Asset Utilization invoices weekly.

Billing Disputes

We commit to addressing disputed bills quickly

If you believe that there has been a billing error, we want to make it right as quickly as possible.

To be eligible for a review, a claim must be submitted, in writing, within 30 days of the invoice date to:

centralregion_disputes@gwrr.com

Along with a brief description, your claim must include the car initial and number and the related invoice number.

Any claim not filed within thirty (30) days from the date of the invoice will be declined.

Any non-disputed charges should be paid by the due date listed on the respective invoice.

Flexible Car Ordering...

Things don't always go as planned. We recognize that, sometimes, you will have to change your railcar order for loading or unloading. When this involves ordering an empty railcar for loading and actual or constructive placement is performed, and the railcar is then released without being loaded, it is classified as a *railcar ordered but not used*.
