Customer Switching and Accessorial Services

a Genesee & Wyoming Company

Billing Guarantees

As part of our efforts to streamline the billing process, we are committing to an expedited and simple billing process:

Billing – On-Time

We commit to bill you on time

We will issue Customer Switching and Accessorial Services invoices monthly.

Billing Disputes

We commit to addressing disputed bills quickly

If you believe that there has been a billing error, we want to make it right as quickly as possible.

To be eligible for a review, a claim must be submitted, in writing, within 30 days of the invoice date to:

centralregion_disputes@gwrr.com

Along with a brief description, your claim must include the car initial and number and the related invoice number.

Any claim not filed within thirty (30) days from the date of the invoice will be declined.

Any non-disputed charges should be paid by the due date listed on the respective invoice.

Please contact your local marketing representative if you have any questions concerning your business on the RCPE:

This document is subject to the terms, conditions and guidelines provided in the Central Region General Tariff 1000.

The Central Region General Tariff 1000 Section VI provides guidelines and provisions for switching and other accessorial charges. Please review these provisions as it applies to your business on the RCPE.

Any charges not covered on this RCPE 7006 are subject to rules and provisions found in the Central Region General Tariff 1000.

Handling of Empty Freight Cars

This provision will not apply when the empty movement is immediately preceded by a loaded revenue movement on RCPE and empty is returned to original interchange or if the empty movement is immediately followed by a loaded revenue movement on RCPE.

This provision applies on all types of rail cars, including, but not limited to, cars provided by railroads, leased cars and cars bearing other than railroad reporting marks, but not including passenger train cars.

The charge for movement of empty cars is \$3.45 per mile with a \$440 per car minimum. RCPE will not be responsible for the payment of any per diem or mileage charges, nor will RCPE absorb any switch charges. This rate will apply only to movement of cars in regularly scheduled train service.

If special train service is required for movements other than those listed above, charges contained in the Charge Schedule on page 1 of this Catalog will apply.

RCPE's maximum liability for loss and damage is \$100.00 per railcar.

Billing Changes and Corrections

When RCPE is required to make changes to the billing after shipping instructions are received.

This charge will apply when:

- Invalid shipping instructions received
- Requests to change information before movement
- Requests to change information after movement that will not affect the physical handling of the car
- Cancellations before movement

The charge for billing changes and corrections is \$75 per car, assessed to the shipper, to the party requesting the change, or to the party requiring the service.

Once the car has been picked up by RCPE, any request that changes the way the car is handled is considered a diversion as per Item 6210.

Method for Submission of Forwarding Instructions

RCPE will accept forwarding instructions through one of three methods at no charge; ShipperConnect (e-BOL), a Class I web site, or by making arrangements directly with third party logistics services providers to submit forwarding instructions on their behalf via a Class I web site or via EDI. RCPE will accept forwarding instructions to its Customer Service Center via email (RCPE-cs@gwrr.com), subject to a \$75.00 charge per emailed bill of lading. This charge will be assessed to the online Customer of record with the railroad.

The RCPE reserves the right to reject as an unreasonable request for service, any “email” forwarding instructions that do not contain accurate and complete criteria for proper handling. RCPE will not accept delivery of forwarding instructions by US Mail, fax, express service, personal delivery, or otherwise.

Method to Release Empty Railcars

RCPE will accept empty release information using ShipperConnect™ at no charge. RCPE will accept empty release information to its Customer Service Center via email (RCPE-cs@gwrr.com) subject to a \$75.00 charge per emailed release. This charge will be assessed to the online Customer of record with the railroad.

Charges for outbound loaded clay cars

Outbound loaded clay or other mine products cars with an origin of Bentonite, WY., will be subject to a \$45 switching charge per car. This provision covers STCC 14-511-XX and 32-952-XX. This charge is the responsibility of the shipper and is in addition to all other freight and/or accessorial charges incurred.

Date and Time Record on Notification

When electronic or mechanical devices are used to furnish forwarding instructions and/or empty release information to RCPE, the recorded date and time at which the instructions are received by RCPE will govern.

Unit Trains to be combined by the RCPE

Switching charges assessed if Unit Train is in (2) two pieces. The charge for joining (2) two separate Unit Train pieces is \$1,000 per Unit Train.

Unit Trains that cannot be received by customer on customer tracks

Loaded or empty unit trains that cannot be received by customer on customer tracks due to lack of customer track space will be charged a daily fee of \$6,000 per train, per day starting at midnight on day of train arrival at destination.
