RCPE TARIFF 4000

TABLE OF CONTENTS

SECTION ONE:	GENERAL TERMS AND RULES COVERING THIS PUBLIC TARIFF FOR THE RCPE	3
SECTION TWO:	ALCOHOL/ETHANOL LIQUID	5
	ITEM 920	7
	ITEM 921	8
	ITEM 925	9

2 | Page

GENERAL TERMS:

GOVERNING CLASSIFICATIONS AND EXCEPTIONS:

This Tariff shall be governed by the following classifications and publications:

Central Region General Tariff 1000

RCPE 7006 Switching and Accessorial Tariff Charge Catalog

RCPE 6006 Extended Asset Use Tariff Charge Catalog

Open and Prepay Station Listing OPSL 6000

Standard Transportation Commodity Code STCC 6001

TERMS AND CONDITIONS:

All rates exclude loading and unloading, and drayage at origin or destination.

Rates herein will be assessed in United States currency.

Freight charges must be prepaid.

Rates are subject to any applicable taxes, including the Goods and Services Tax and/or other sales taxes.

EQUIPMENT CLASSIFICATION AND APPLICATION:

Rates are subject to availability of equipment, unless otherwise specified.

Application of rates for equipment is defined in each commodity section based on type of equipment and ownership or control thereof.

3 | Page

COMBINATION RATES:

Rates contained in this tariff can be used in combination with rates named in other publications to construct through rates only where specified in the rate item. Construction of such rates will not be made to defeat a through rate nor for aggregate of intermediate application at origin or destination or unless otherwise stated. Combination rates will divide as made.

PROPORTIONAL RATES:

Proportional rates, which by their terms are limited in their application to traffic destined to, originating at, specific points or territories, including rates which are published for application of traffic "when from beyond" or "when for beyond", apply only when the entire through transportation is performed by railroads by rail, subject to AAR accounting Rule 11.

INTERMEDIATE APPLICATIONS:

Intermediate application at origin or destination does not apply unless provided elsewhere in this tariff.

ABSORPTION OF CONNECTING RAILROADS SWITCH CHARGES:

Except as otherwise stated in individual rate items, rates published in this tariff do not include the absorption of connecting railroads reciprocal switch charges.

STOPPING FOR COMPLETE LOADING OR PARTIAL UNLOADING

Shipments made under the prices in this tariff will not be accorded stopping in transit privileges for completion of loading or for partial unloading.

ROUTING:

Routes are shown in individual rate items. The routing shown is in one direction only. When traffic is moving in the opposite direction, routing shall apply in reverse.

TERMINAL RATES:

A rate published from a specific origin to a specific destination via specific route.

FUEL SURCHARGE APPLICATION:

All rates originating on the RCPE in this tariff are subject to the Fuel Surcharge Tariff 92000.

ALCOHOL/ETHANOL LIQUID

Commodity: Alcohol/Ethanol Liquid - See Applicable Commodity List

Equipment: Shipper Supplied Tank Cars

No mileage allowance payable to shipper

General Conditions:

- Shipments are restricted to a maximum gross weight on rail of 263,000 lbs.
- Intermediate application at origin or destination does not apply.
- Rates must be used in combination with other prices for the portion of this shipment subsequent to specified destination. Separate freight bills will be issued for each price used according to the provisions of the Railway Accounting Rule 11.
- Rates originating at Wolsey, SD must be used in combination with other prices for the portion of the shipment prior to specified origin and are subject to the provisions of Railway Accounting Rule 11.
- When a shipment is refused or rejected at destination for reasons other than carrier error, and is not unloaded or partially unloaded, the shipment may be returned to the original shipping point via reverse route. The returned shipment will be subject to the applicable rate from origin to the original billed destination in effect on the date the shipment is tendered for return movement.
