This document is subject to the terms, conditions and guidelines provided in the Coastal Region General Tariff 1000.

The Coastal Region General Tariff 1000 Section VI provides guidelines and provisions for switching and other accessorial charges. Please review these provisions as it applies to your business on the RSOR.

Any charges not covered on this RSOR 7006 are subject to rules and provisions found in the Coastal Region General Tariff 1000 Series Tariff.

Handling of Empty Freight Cars

This provision will not apply when the empty movement is immediately preceded by a loaded revenue movement on RSOR and empty is returned to original interchange or if the empty movement is immediately followed by a loaded revenue movement on RSOR.

This provision applies on all types of rail cars, including, but not limited to, cars provided by railroads, leased cars and cars bearing other than railroad reporting marks, but not including passenger train cars.

The charge for movement of empty cars is \$550 per car. RSOR will not be responsible for the payment of any per diem or mileage charges, nor will RSOR absorb any switch charges. This rate will apply only to movement of cars in regularly scheduled train service.

If special train service is required for movements other than those listed above, charges contained in the Charge Schedule on page 1 of this Catalog will apply.

RSOR's maximum liability for loss and damage is \$100.00 per railcar.

Method for Submission of Forwarding Instructions

RSOR will accept forwarding instructions through one of three methods at no charge; ShipperConnect (e-BOL), a Class I web site, or by making arrangements directly with third party logistics services providers to submit forwarding instructions on their behalf via a Class I web site or via EDI. RSOR will accept forwarding instructions to its Transportation Logistics Center (TLC) via fax (1-904-256-1475) or via email (RSOR-cs@gwrr.com), subject to a \$125.00 charge per faxed or emailed bill of lading. This charge will be assessed to the online Customer of record with the railroad.

The RSOR reserves the right to reject as an unreasonable request for service, any "fax" or "email" forwarding instructions that are illegible, whether due to poor transmission quality, poor or illegible handwriting, or otherwise. RSOR will not accept delivery of forwarding instructions by US Mail, express service, personal delivery, or otherwise.

^Car Ordering by Specific Number

When a customer has cars in storage status and orders in a particular designated rail car or specified series of rail cars (i.e., what is known as “Cherry Picking”), a switch charge of \$400 per car will apply

Charges for Stand-By Switching Services

When the RSOR locomotive and operating crew are held at the request of an industry or shippers agent, or when the locomotive and crew are delayed by an industry or shippers agent within the confines of the industry or immediately adjacent thereto, or is requested by the industry or shippers agent to perform extra switching service before or after regular switching service, the charge for such a stand-by, delay, or extra switch service shall be at the rate of \$600 per hour with a minimum of 4 hours.

Re-Spot Charge For Release Of Partially Loaded/Unloaded Cars:

When cars are placed by RSOR at industry or team tracks for loading or unloading and are released by consignee as loaded or empty prior to being completely loaded or unloaded, and such cars are moved by RSOR from industry or teams tracks, a charge of \$400 will be assessed for the “Re-Spot” at industry or team track to complete the loading or unloading of cars.

The cars will remain on continuous demurrage transaction beginning with the date and time of initial placement and notification by RSOR.

Equipment Mis-Use Charges

If the RSOR provides to the shipper a CSXT controlled or furnished freight car, such car must be routed via a route in which the CSXT participates as a line-haul carrier.

If the RSOR provides to the shipper a NS controlled or furnished freight car, such car must be routed via a route in which the NS participates as a line-haul carrier.

If cars are not routed, per the above, a charge of \$2000 per car will be assessed to the entity and/or individual who provided the routing instructions. Such charges will be in addition to any charges which the CSXT or NS may access.

Exception: This charge will not be assessed when the entity and/or individual who provided the routing instructions has received prior concurrence of the CSXT or NS car management department, respectively, and furnishes same to RSOR, to use such equipment via other than the CSXT or NS, respectively.
