Flexible Asset Utilization...

The effective management of railcars is critical to the success of SLR and our customers. Efficient asset utilization benefits you by increasing the availability of railcars.

Note: Debits do not apply to non-chargeable days, as defined in the Canada Region General Tariff 1000 Section III, Demurrage and Storage Provisions, Page 22, Item 3090.

Flexible Car Ordering...

Things don't always go as planned. We recognize that, sometimes, you will have to change your railcar order for loading or unloading. When this involves ordering an empty railcar

for loading and actual or constructive placement is performed, and the railcar is then released without being loaded, it is classified as a *railcar ordered but not used*.
