Terminal Switching Rates:

Application: Terminal switching charges will be assessed to the delivering carrier for the movement of cars or locomotives originating at points outside the Peoria, IL Switching District destined to points within said district. Terminal switching charges will be assessed to the receiving carrier for the movement of cars or locomotives originating at points within the Peoria Switching District destined to points outside said district.

Rates and Charges: Terminal switching charges, unless otherwise specified, cover the handling of loaded cars in one direction and empty the other. If the cars are loaded in both directions, charges will be assessed for each loaded movement. For any other movement of empty cars, the charge will be the same as applied to a loaded car. Terminal switching charges for locomotives will be assessed for each movement. The terminal switching charges are as follows:

LOADED CARS: \$448

SCALE TEST CARS: \$455
(such charge will be assessed per occurrence and/or location against each industry requiring scale testing)

UNIT TRAIN: \$186
(block of 15 cars or more of whole grain cars received in a block from delivering carrier destined to TZPR served industries)

UNIT TRAIN: \$208
(block of 15 cars or more received in a block from a delivering carrier of potash destined to TZPR served industries)

SCRAP IRON or STEEL: \$427
(loaded cars destined to TZPR served industries)

LOCOMOTIVES: \$570 (per unit)

GRAIN PRODUCTS: \$258
(STCC: 20-4xx-xx in blocks of 15 or more carloads received by TZPR as a solid unit destined to one location.)

ETHANOL: \$750
(loaded cars for STCC: 49-091-52 and 49-102-40)

Intermediate Switching

Between connections within or passing through the Peoria Switching District, a rate of \$119 per car (loads and/or empties); \$217 per locomotive or non-occupied passenger car applies. Such charge will be assessed against the delivering carrier.

Method For Submission Of Forwarding Instructions

TZPR will accept forwarding instructions through one of three methods at no charge; ShipperConnect (e-BOL), a Class I web site, or by making arrangements directly with third party logistics services providers to submit forwarding instructions on their behalf via a Class I web site or via EDI. TZPR will accept forwarding instructions to its Customer Service Group via fax (1-855-634-5096) or via email TZPR-cs@gwrr.com, subject to a \$75.00 charge per faxed or emailed bill of lading. This charge will be assessed to the online Customer of record with the railroad. The TZPR reserves the right to reject as an unreasonable request for service, any "fax" or "email" forwarding instructions that are illegible, whether due to poor transmission quality, poor or illegible handwriting, or otherwise. TZPR will not accept delivery of forwarding instructions by US Mail, express service, personal delivery, or otherwise.

Method To Release Empty Railcars

TZPR will accept empty release information using ShipperConnect™ at no charge. TZPR will accept empty release information to its Customer Service Group via fax (1-855-634-5096) or via email TZPR-cs@gwrr.com subject to a \$75.00 charge per faxed or emailed release. This charge will be assessed to the online Customer of record with the railroad.

Handling of Empty Freight Cars

This provision will not apply when the empty movement is immediately preceded by a loaded revenue movement on TZPR and empty is returned to original interchange or if the empty movement is immediately followed by a loaded revenue movement on TZPR.

This provision applies on all types of rail cars, including, but not limited to, cars provided by railroads, leased cars and cars bearing other than railroad reporting marks, but not including passenger train cars.

The charge for movement of empty cars is \$246 per car. TZPR will not be responsible for the payment of any per diem or mileage charges, nor will TZPR absorb any switch charges. This rate will apply only to movement of cars in regularly scheduled train service.

If special train service is required for movements other than those listed above, charges contained in the Charge Schedule on page 1 of this Catalog will apply.

TZPR's maximum liability for loss and damage is \$100.00 per railcar.

^Foreign Line Locomotive Usage

When time exceeds 15 hours while customer is loading or unloading a unit train powered by foreign line locomotives, a charge of \$150 per hour or portion thereof will be assessed against the on-line facility. Time is to be computed from the time of placement, either actual or constructive, to the time of release of the last car.

Should the on-line patron request that the foreign line locomotives be removed from the train once it is actually placed, a charge of \$2,500 will be assessed to the customer requesting the removal.

Cars Held for Instructions:

When cars are received in interchange and held by TZPR awaiting final disposition, a charge of \$246 will be assessed against the inbound carrier in addition to all other applicable charges.

Cars ordered off the hold track for furtherance to outbound carrier or industry will be subject to applicable switching or industry charges as defined under Terminal Switching Charges.

Cars Loaded in Violation of Car Distribution Orders

When an Industry or Carrier violates the car distribution orders on file with UMLER placed on TZPR owned or leased cars, a charge of \$818 per car will be assessed for each occurrence and is in addition to all other charges.

Final Terminal Haulage Fee

A landing fee will be assessed against the carrier requesting the haulage services of the TZPR for the yarding of inbound road trains. Such charge will be \$696 per occurrence and will be in addition to all other applicable charges.

Idler or Trailer Cars:

Idler or Trailer cars will be subject to the same charges, rules and regulations as applied To loaded cars.

Cars Intercepted at Hold or Break-up Yard and Returned to Industries

On cars (loaded or empty) released and pulled from an industry within the Peoria, IL Switching District, intercepted at hold or break-up yard within such limits and ordered returned to the industry, the switching rate Terminal Switching Rates will be assessed, per car, against the industry and will be in addition to all other applicable charges.
