Terminal Switching Rates:

Application: Terminal switching charges will be assessed to the delivering carrier for the movement of cars or locomotives originating at points outside the Peoria, IL Switching District destined to points within said district. Terminal switching charges will be assessed to the receiving carrier for the movement of cars or locomotives originating at points within the Peoria Switching District destined to points outside said district.

Rates and Charges: Terminal switching charges, unless otherwise specified, cover the handling of loaded cars in one direction and empty the other. If the cars are loaded in both directions, charges will be assessed for each loaded movement. For any other movement of empty cars, the charge will be the same as applied to a loaded car. Terminal switching charges for locomotives will be assessed for each movement. The terminal switching charges are as follows:

Loaded Cars \$468

Scale Test Cars \$475

(Such charge will be assessed per occurrence and/or location against each industry requiring scale testing)

Unit Train \$206

(block of 15 cars or more of whole grain cars received in a block from delivering carrier destined to TZPR served industries)

Unit Train \$228
